Are you looking for a solo performer for any of your events or activities? Well look no more.

I am a performing singer and musician playing guitar and ukulele, with a great sense of humour and audience participation.

I'm also a songwriter, **Beginners Ukulele Teacher** and a community music worker.

I'm available to perform at events for any organisation.

I specialise in parties, community events, functions, festivals, kindergartens, day programs, schools, and shopping centres, pubs, clubs or conferences and aged care facilities. **More about me**
